Note:

Having contacted our six peer cities, we've discovered that Lawton stands alone among municipalities in renting out rooms within its City Hall building to the public. The remaining six cities limit room usage within their City Halls exclusively for municipal purposes, directing public rentals towards facilities managed by their Parks and Recreation Departments, a practice similar to Lawton's current approach.

Additionally, spanning from June 2022 to the present day, there have been three instances of complete City Hall rentals, amounting to a total of \$2021.70. Refer to the table below for details:

| Year | Amount Paid | Item Rented |
|-------------|-------------|--------------|
| 2023 | \$817.50 | Auditorium |
| 2023 | \$32.00 | Chair Rental |
| 2023 | \$1,172.20 | Banquet Hall |
