# Petition to Oppose Rezoning in Liberty Heights

To: Lawton City Council/Planning Department

We, the undersigned residents and property owners of Liberty Heights, strongly oppose and do hereby petition the City of Lawton/Planning Department proposed amendment to the 2030 Land Use Plan from Residential/Low Density to Residential/High Density and the change of zoning of 801-809 NW Pershing Drive, from R-1 Residential-Single Family Dwelling District to R-3 Multiple-Family District zoning classification.

This proposed rezoning would allow for Multiple Family District zoning classification, causing a significant negative impact on our community. The letter we received also stated that the proposed use for this property will be an assisted living home.

We are deeply concerned about the following issues:

- > Residential/Low Density to Residential/High Density
- > MEANING: Apartment complexes/high rises/Multiple family units in our neighborhood
- > Increased traffic and congestion in our neighborhood  
Employees/numerous visitors and vehicles
- > Loss of property values and character of our community
- > Potential noise and disturbance from the proposed development
- > Potential increased crime in neighborhood due to influx of traffic
- > Increase use/stress on older lines-utilities/water/sewage/rain water drainage/power/gas
- > Cost of utilities and trash pick up increase for neighborhood

**R-1 Residential/Low Density Zoning:** Also referred to as single family residential zoning, this group covers low density zoning. The low density zoning imposes limitations for land used for one residence.

Areas under low density zoning are for neighborhoods with single family dwellings with land allowance generally limited to an acre. On this acre, the number single family homes may vary depending on the size of the city.

**R-3 Residential/High Density Zoning:** In high density residential zoning, we see apartment complexes, condominiums, high rise apartment buildings, and other multiple dwelling properties. There are 10 or more residences per acre in high density residential zoning with much more limited parcels for each residential unit.

We urge the Lawton City Council/Planning Commission to reject this proposed amendment and rezoning to protect the peace and integrity of our neighborhood.

Signed,

David A. Locke, Sr., July 8, 2024 - 806 NW Pershing Drive

Mary Cunningham Locke, July 8, 2024 - 806 NW Pershing Drive
